

### 7.3 – INSTITUTION DISTINCTIVENESS

Academic Year: 2022-2023

#### 1. Memorandum of Understanding:

Institution has Memorandums of Understanding with a number of businesses and associations. In partnership with them, events such as guest lectures, workshops, certificate programs, internships, and counselling are planned. It improves our students' experiential and participatory learning experience by providing them with a direct opportunity to contact with distinguished academicians and industry experts, helping them to develop their abilities.

List of MoUs signed by our College in the Academic Year 2022-2023:

## 2. NSS ACTIVITIES:

By enhancing the students' abilities and character, the institute helps the country to develop. In order to foster a sense of social responsibility among students, the KIT-NSS team organizes blood donation camps, tree plantations, programs that empower women, skill development opportunities, voter education, clean campus initiatives, and eco-friendly events in partnership with private hospitals.

## 3. Scholarships for Poor Students and Concessions on Hostel & Transportation Fees:

KIT genuinely contemplates that access to a high-quality education shouldn't be hampered by one's ability to pay. To enable students with merit scores from economically challenged backgrounds to pursue their academic goals, we provide scholarships to pursue their engineering degree. Furthermore, our college offers discounts on hostel fee, giving students in need of financial assistance access to a secure and comfortable place to live so they can concentrate on their education and personal development.
